DISCIPLINE PRODURES

Discipline Procedures:

In order to provide a safe and enjoyable Summer Camp experience for everyone, we have established discipline policy and procedure for campers in our Summer Camp Programs. The discipline procedure will be followed when a campers exhibiting behaviors that are not in the best interest of program participants, including staff, and the child themselves. (i.e. not following directions, exhibiting profanity, being disrespectful to campers or staff, jeopardizing the safety of **others or self, and/or using threatening or bullying behavior.**

Phase 1: A verbal reprimand or 'cue' will be given by the staff member to re-direct the child to a more appropriate form of behavior.

Phase 2: The child, under staff supervision, will be removed from the group for a few minutes and will re-join the group when the staff person has determined that they can do so without further disruption.

Phase 3: Should the behavior not change, the Recreation Director will be notified, and the incident will be documented. The parent will have to sign the communication form upon pick-up that afternoon. A copy of this report can be mailed to the parent if requested.

Phase 4: If a problem persists, parents will be notified and the child will be advised to take a day, or more, away from camp and can possibly be suspended from the program. When possible, we will work with the parent to develop a system of discipline that will work for the child.

The above procedure will be used when there is a gradual progression of inappropriate behavior. In extreme cases, the Buxton Recreation Department reserves the right to establish an appropriate consequence immediately. No refund will be given should your child be removed from any childcare program for any period of time due to disciplinary reasons.

Mandated Reporters

In accordance with recreation procedures, as municipal employees & childcare staff, we are mandated reporters. This means that we are mandated by law to report any and all suspicions of child abuse. Abuse can be physical, mental, or verbal.

“Maine law states that certain people must report suspected abuse, neglect or exploitation of an adult if they believe the adult is incapacitated or dependent. Maine law also states that certain people must report to the Department if they know or have reasonable cause to suspect that a child has been or is likely to be abused or neglected.”

In most cases, the parent will be notified before taking action, however, if the emergency is severe, emergency personnel will be called.
